

Press Release

AMPHOS expansion to North America

Aachen, June 10th 2014

AMPHOS, technology leader in high average power ultrafast laser systems has announced that it has established a wholly owned US subsidiary AMPHOS Inc. to strengthen the presence on the North-American markets.

The new subsidiary will be contact point for sales-requests and technical-service for our North American customers. As Vice President of Sales and Marketing, Mr Alain Bourdon, having long term experience in the Laser market, will lead the U.S office, located at 9 Trinity Drive- West Springfield, MA 01089.
